Carcenet Press Ltd. Paperback. Book Condition: new. BRAND NEW, The State of the Prisons, Sinead Morrissey, In her third book of poems, Sinead Morrissey builds on the achievement of her award-winning collection, "Between Here and There", by expanding the lyric into new territories and admitting new voices. The theme of imprisonment is variously addressed: in the actual prisons of eighteenth-century Europe; in the prison of our own limited perceptions of experience, particularly of other cultures when abroad; in the prison of the mortal human body itself. Alongside the intimate interiors of human relationships, the poems are also interested in broader discourses, particularly history, and range in scope from the Royalist convictions of a woman wearing a Scold's Bridle during England's interregnum, to the story of the number zero. Form and content, as well as the personal and the political, are blended throughout this collection with imagination and consummate skill. As in her previous two books, travel remains a source of inspiration: one exhilarating poem details, in nine 'chapters', a six-thousand-mile train journey across China in which the conflicting faces of a rapidly changing country jostle for space. The collection ends with a compelling act of ventriloquism, as Morrissey recounts, in the first person, the life and works of the great prison reformer John Howard, and details his vision for the moral regeneration of the corrupted human soul.
