Can the souls that spent their days in these places communicate with us? Many things that are considered fantasy are repeated by cultures all over the world. Why and how do these stories come about and resemble so closely? Do we all see things the same or do some of us possess the ability to see and feel things that exist beyond the present physical place and time? We should all try looking and listening beyond what is said and what seems obvious. Believe the unbelievable every once in a while and trust the feelings of fear and wonder that the rest of the world considers unproven. We must respect the power of love and a higher power of justice.
