This water is taken (as far as I can learn) by a private company under a charter given them to secure fire protection for the village. It seems to me that reasonable men would not give them the right to place restrictions that interfere with the rights of property owners and decrease the value of property, if they thoroughly understood the situation, and I think as a private company they should be compelled to put in filtering apparatus, if the water is to be used for drinking purposes. If the town had put this through instead of a private corporation, I think the standing might be different, but I think it is safe to say that not more than a dozen or fifteen people use this water for drinking purposes, and as a taxpayer I think it unjust to allow them to restrict privileges under this condition. I might add that so far as my knowledge of the campers exist (and I have been at the lake with my family for several years), the Salem people who own, or have owned property there, have been the least careful of preserving the purity of the lake and the respectability of the neighborhood. I would be pleased to have the board investigate this matter, and if they would take the trouble to come to the lake I will...
