(Based on 21 competencies identified in Management Competencies and Sample Indicators for the Improvement of Adult Education Programs (MCSI), MCAI mirrors the format of the management competencies. Associated indicators are listed under each competency and rated on a four-point scale from 1--Needs Assistance through 4--Exemplary; additional choices are Not Applicable and Don't Know. The publication provides an overview of types of evidence (performance evaluations, administrative reports, and portfolios) verifying existence of a competency, since in addition to the rating scale for each indicator, the format provides space for the evaluator to record supporting evidence comments. These MCAI uses are discussed: needs assessment, planning for and evaluating professional development, hiring, retention and dismissal, program
