Progressive Press, United States, 2014. Paperback. Book Condition: New. 254 x 178 mm. Language: English . Brand New Book ***** Print on Demand *****.This book warns against the effort to sell a reactionary economic, political and social agenda dressed up as concern for and protection of the environment. The author is in no way opposed to any genuine ecological concerns, but his work demonstrates that what we call environmentalism is primarily an expression of the world view of segments of the world's upper class. This book goes into great detail about the money that created the environmental movement and why. Environmentalists may not like...
