

TRUE PLANETARY MOTIONS AND RHYTHMIC CLIMATIC CHANGES

Filesize: 3.06 MB

Reviews

It is one of the most popular pdf. It really is full of knowledge and wisdom. It has been developed in an exceptionally easy way and it is just right after I finished reading through this publication by which it really altered me, altered the way in my opinion.

Xlibris, Corp. Paperback. Book Condition: New. Paperback. 96 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. The discovery of TRUE PLANETARY MOTIONS has eluded all previous early and late astronomers from Tycho Brahe, Copernicus, Galileo, Kepler, Newton, Einstein, Carl Sagan, Milankovich et al. They all made their projections of planetary motions based on a STATIONARY rotating Sun. For 400 years the inaccurate and incomplete works of Kepler and others are still on the books and accepted in the annals of Astronomy and Science. They could never have discovered True Planetary Motions based on a stationary Sun! The theory of shifting continents and tectonics is now reduction ad absurdum. Man has some clues into ice-ages, magnetic pole shift etc. , yet they all still think that the Earth flips over or summersaults overnight! (thus the prevailing Hollywood sensationalism of the recent movie 2012). Up to today no one has discovered the accurate projections of true planetary motions based on projecting from the center of the ellipse of a moving Sun, as in my discovery. Specifically, these true orbital projections made from the center of the ellipse of a moving Sun have everything to do with the accurate gauging of regularity and predictable cycles of such mentioned events. Answers to these above and many yet unanswered questions will now be evident in my discovery of TRUE PLANETARY MOTIONS AND RHYTHMIC CLIMATIC CHANGES. The day of long term forecasting and predictions of catastrophic changes is now here. With this manuscript and accurate charting of the DISCOVERY OF THE CENTURY in this book release of TRUE PLANETARY MOTIONS AND RHYTHMIC CLIMATIC CHANGES we can now prepare for cyclical pole shifts and accurate forecasting of the accompanying cyclical climatic manifestations we are witnessing TODAY! With this discovery, we will now be able to prepare long term forecasting of...
