Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.The story of AE-ne as, as related by the Roman poet Ver gil in his celebrated poem called the AE-ne id, which we are to tell about in this book, is one of the most interesting of the myths or legends that have come down to us from ancient authors. Vergil lived in the time of the Roman Emperor Au-gus tus (63 B. C.-14 A. D.), grand-nephew and successor of Ju li-us Cae sar. Augustus and his chief counsellor or minister Mae-ce nas, gave great encouragement to learning and learned men, and under their liberal patronage arose a number of eminent writers to whose works has been given the name of classics, as being of the highest rank or class. The period is known as the Augustan Age, a phrase also used in reference to periods in the history of other countries, in which literature reached its highest perfection. Thus the reign of Queen Anne (1702-1714) is called the Augustan age of English literature, because of the number of literary men who flourished in England in that period, and the excellence of their works.
