Brand New Book ***** Print on Demand *****.Excerpt from *Elements of Farm Practice, Prepared Especially for Teaching Elementary Agriculture* This book has been prepared primarily for use in rural schools and for elementary classes in other schools, wherever it is desirable to study the plain and practical problems of the farm and home in their relation to daily life. The book deals largely with common farm practices, rather than with scientific principles. It is intended to throw some light upon and add interest to the things that are done on the farm from day to day. We feel that, if pupils can be interested and enabled to use the farms and the farm homes as laboratories in which to observe and apply the things learned at school, a great step will have been made toward bringing the school in close touch with the home life of the pupils. A study of agriculture in the rural schools elevates, in the minds of the farm youth, the calling of agriculture. A rather close study of a few farm problems impresses one with the great amount of knowledge and skill required to operate a farm successfully; and must convince one that a farm, rightly managed, affords as much opportunity for development as a professional or business career. We do not suggest that the topics shall necessarily be taken up in the order presented, but that each teacher begin with that portion of the book dealing with the particular phase of farm work that is being done on the home farms of the pupils at the time the lesson is given. Each section is a complete reading lesson, followed by questions, examples, and exercises, which relate to the...
