Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.What I have doesn't stream the notorious suspect that we all want to symbolically imitate, after the match and before too. The best friend always seems to bring the cake in front of him, knowing that such a gesture will eventually dislocate, the only one nerve that was holding from the old passionate sculpture, made out of a human being. This is on this way and if we don't forget all the episodes that most marked your vision of last year is when I'm going to act or stand close to you and ask you if it was worth having given up everything for such an idea. This book it's about another way of connecting words. Following a concept composed by shapes and sounds of words, rather than its significance. This one stretches and appears after the entire concept is being joined on the table. And there will be only one or two significances. Finding a lot of times words that don't exist, syntaxes out of place and wrongly conjugated verbs. In some way it is English words written for foreign people.
