Sinead Moriarty's riveting novel, Mad About You, makes you stop and think about the importance of trust in relationships - how fragile it can be, how easily damaged, how hard to repair. Sinead combines the storytelling genius of Jodi Picoult, and the compassion and humour of Marian Keyes, in a gripping story of contemporary marriage. Emma and James Hamilton have weathered lots of storms in their ten-year marriage. From the heartbreak of infertility, to the craziness of then becoming parents to two babies in one year, to coping with James losing his job, somehow they have always worked as a team. However, the pressure of moving for James' new job puts them under stress like never before. So when James starts getting texts from a stranger - texts that show startling insights into their lives - Emma is not sure what to think. She is far from home, isolated and before long finds herself questioning everything about their relationship. Somehow she has to get a grip, but how can she do that when a stranger seems set on driving Emma out of her home and her marriage? One of the brightest voices in modern women's fiction . (Bella).
