

Chasing Venus: The Race to Measure the Heavens

By Wulf, Andrea

Knopf, 2012. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: "Excellent. . . Chasing Venus is beautifully paced, alternating between expeditions, with lush descriptions of the often arduous journeys involved." -Owen Gingerich, Nature "Outstanding. . . It's the book of the year so far-do not miss it!" -Ian Welland, Astronomy Now "Andrea Wulf has now chronicled the 18th-century transit expeditions in a narrative light on astronomical detail but rich in personalities and adventures. The race was the 1760s version of reality TV - a cross between Amazing Race and Survivor. People waited to see which astronomers would make it and which wouldn't, and to learn whether all the time and money was worth it. Wulf doesn't entirely resolve that question, but she does wonderfully sketch the race for scientific, and patriotic, glory." -Alexandra Witze, Dallas Morning News "Another fine example of such scientific storytelling. . . Narrated with elegant expertise." -Iain Finlayson, The Times (London) "The 18th century stargazers whom Andrea Wulf describes . . . would put Indiana Jones to shame. . . Here is a book both astrophysicists and poets can enjoy." -Matthew Price, The Boston Globe "...
