Brand New Book ***** Print on Demand *****.Excerpt from The Word of God, the Church of England, and Right Reason: Directly Opposed to the Tractarian Dogma of Baptismal Regeneration My Christian Friends. In the year 1830 I attended a course of Lectures, the object of which was to show that the Creed of the Church of Rome is anti-scriptural - her worship idolatrous - and her precepts, as well as practices, immoral. The enormities charged upon her were of a character so gross as to engender incredulity. Notwithstanding that the Lecturer was well-known as a gentleman of education, of high moral bearing, and of distinguished abilities, I could not believe but that some of his statements were (however unconsciously) exaggerated. It appeared to me, at that time, to be impossible for a religion so contrary to all that is true - so opposed to all that is rational - and so darkened by crime, to exist for a single hour amid the light of civilized nations, even in a world so fallen as ours. But I now know that the Rev. W. T s charges were and are capable of a full substantiation, that his accusations were rather below the mark than above it, that the case is even worse than he represented.
