Reviews

It is an awesome book that we have possibly go through. It is actually writter in straightforward words and phrases and not confusing. It is extremely difficult to leave it before concluding, once you begin to read the book.

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from *Applied Calculus an Introductory Textbook* This book is intended to provide an introductory course in the Calculus for the use of students of natural and applied science whose knowledge of mathematics is slight. All the mathematics that the student is assumed to know is algebra up to quadratic equations; elementary trigonometry up to the formulae of sines, cosines, and tangents of compound angles; the elements of geometry; and the method of graphs. Infinite series are essentially difficult and unconvincing unless treated rigorously - as the old conundrum of Achilles and the tortoise shows - and there is no need to use them in the elementary parts of the subject. They have therefore been avoided altogether. Definite problems, dealing with actual things, precede the analytical treatment, which I have tried to make simple and convincing; and I hope any reader who pursues the subject further in the standard works will find that he has only to extend and qualify the proofs, not to unlearn them. I have introduced and used limits in the first chapter before defining them, for the same reason that I should show a child a herring and tell him about its habits of life before describing it to him as one of two distinct but closely-allied species of malacopterygian fishes of the genus *Clupea*. The pictures of celebrated mathematicians and scientists are intended to arouse some human interest in mathematical science and the history of its progress. Some of the founders of the science lived more than ordinarily interesting lives, and if the mathematician ignores the human side of things, he can hardly expect humanity not to ignore him. Perhaps the title...
